WATSONVILLE, Calif. —

Second Harvest Food Bank of Santa Cruz County will now provide diapers and wipes in addition to food, thanks to new state funding.

The food bank, which helps thousands of residents each month, held a baby shower event to announce the new service.

The two-year program will supply 2 million diapers to food banks.

“We don’t believe that families should be in the position to choose between food and diapers; this is our way of ensuring that families can thrive,” Erica Padilla-Chavez said.
